TREASURE CHEST

Reflections...

"Ask not what your country can do for you, but ask what you can do for your country."

John F. Kennedy

We dedicate this 1963-64 issue of the Treasure Chest to our late President, John Fitzgerald Kennedy, who left us with a great example of personal courage. In his book *Profiles In Courage*, Mr. Kennedy paid tribute to a select number of Americans who showed great physical and moral courage in the face of political adversity. On November 22, 1963, he demonstrated his right to join that select circle by making the supreme sacrifice while in the line of public duty.

The final chapter of *Profiles In Courage* has not been written. In fact, it can never be written as long as we have a heritage of freedom and personal idealism.

To reflect (according to Webster) means: "to bend back—to return an image as in a mirror—to ponder or weigh."

As the theme for the 1964 Treasure Chest "reflections" provides a mirror to the activities of the year and a guide to ponder the future in the light of the past.

Our faces and our friends' faces will live between these covers as a lasting reflection of the fun, the challenges, the failures and the successes each of us has experienced. Seniors leave Rogers High School with an image of their activities and their achievements—an image and an example for those of us who remain to emulate in our future actions and ambitions.

As each year book "bends back" the past, so each new year provides a future made even better through our reflections on that past.

Paul C. MacGown
Principal

Many former students have reflected great credits on John Rogers High School. They have compared well with the best in the land and have given us a great pride in our school.

Some of the present students—scholars, speakers, leaders, athletes and musicians—have already shown considerable promise for the future. Their accomplishments are reflected in all of us as we proudly say, "They are from Rogers."

REFLECTIONS

What a student does or says is reflected in the pool of experience—just as a quiet pool on a summer's day mirrors the fleecy clouds in Nature's bluest sky.

Students at John R. Rogers High School have cause to reflect on their accomplishments this year. The yearbook mirrors many activities that are indicative of fruitful lives. America will be happy to welcome these students into industry, professional and military circles—all facets of life.

As years pass, John R. Rogers graduates will have time to reflect on the wonderful training they received in high school—the basis for successful lives in chosen fields of endeavor.

Cookie,
Well we've really
had loads and loads of
fun together every since I
we were itty bitty kids. I
don't think I'll ever forget all
the fun we had out at your lake house
I don't think anyone would have fun
like we did. But I was yelling we were
leaving when we took lunch
Remember when we ate
up to that old cemetery? I bet he thought he left,
anyway. And then we were making him leave.
at that yelling about fishing. I bet he thought we were
crazy. I guess we were little
and then I remember when we were chewing gum and
so I guess we succeeded in making him leave.
draw pictures of Uncle Wiggly. We must have
been argue about who's the best. I guess we are
crazy now too. Well, I think you are really sweet
and I guess that's all I've got to say at
the moment so I'll just say I want
to wish you the best of luck in
everything you do because you
really deserve it.
Love Always,
Wendy
